HEAD GEAR: Referee doing State Cup or Association Cup games have been instructed by Bobby Martinez the CYSA referee Administer who received instruction from Alfred Kleinaitis Director of Officials for USSF that the following should be done regarding the wearing of headgear by players.

1. That referees should not allow players to play with headgear. That it is not part of the players' equipment.
2. If a parent approaches a referee before the game and tells the referee that the player got a concussion in a game and would like to have the player wear the headgear to protect him or her. He advised the referees to tell the parent they should have document stating the doctor has released the player with his signature along with the parents and the club or league representative, but no headgear.
